ABOUT BHARAT FIBRES

Bharat Fibres is a leading manufacturer of high-quality FRP (Fiber Reinforced Plastic) components for Indian Railways and other transportation sectors. We focus on delivering lightweight, durable, fire retardant and aesthetically superior interior solutions using advanced composite technologies such as VARTM and Vacuum Bagging.

FRP SOLUTIONS FOR RAILWAY COACHES

Lightweight | Durable | Fire Retardant | Customised

Bharat Fibres is a trusted manufacturer of high-quality FRP (Fibre Reinforced Plastic) interior components for Indian Railways coaches. Our FRP solutions are designed to provide superior strength, fire safety, aesthetics and long service life, meeting the stringent requirements of modern railway applications.

LIGHTWEIGHT
Reduces overall coach weight

DURABLE
Long service life in harsh conditions

FIRE RETARDANT
Compliant with railway standards

AESTHETIC FINISH
Modern and clean interior look

CUSTOMISED SOLUTIONS
As per railway coach design and requirements

OUR FRP PRODUCT RANGE

Comprehensive FRP interior solutions for various types of railway coaches including LHB, MEMU, ICF and Special Coaches.

CEILING PANELS

Lightweight FRP ceiling panels with integrated lighting and air ducts.

SIDE WALL PANELS

Durable and aesthetic FRP side wall panels with smooth finish.

BERTH PANELS

FRP panels for upper & lower berths with strong and durable design.

SEAT MODULES

Ergonomic FRP seat shells and back panels for enhanced passenger comfort.

TOILET MODULES

Hygienic, water-resistant FRP toilet modules with modern design.

APPLICATIONS ACROSS COACH TYPES

Our FRP interior components are designed and manufactured for a wide range of Indian Railway coaches, meeting specific requirements of each coach type in terms of design, durability, fire safety and passenger comfort.

LHB SLEEPER COACH

FRP ceiling, side walls, berths, partitions and other interior components with lightweight and durable design.

LHB CHAIR CAR

Ergonomic FRP seat modules, ceiling and side wall panels for enhanced passenger comfort.

LWACCN 2ND AC

Premium FRP interior panels with superior finish, designed for comfort and aesthetics.

LWAFAC 1ST AC

High-quality FRP components with elegant finish for premium coaches.

LHB SLR

FRP panels for luggage, guard and utility areas with high strength and durability.

MEMU COACH

Robust and cost-effective FRP interior components suitable for high-usage suburban coaches.

MATERIALS & FINISHES

High-performance FRP materials with superior finish, strength and fire retardant properties.

FRP LAMINATES

High strength and durable laminates.

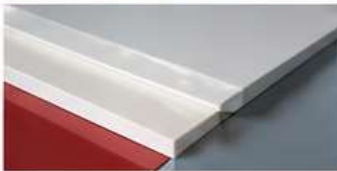

FIRE RETARDANT GELCOAT

Compliant with railway standards.

STRUCTURAL PANELS

Lightweight and high strength.

COLOUR OPTIONS

Wide range of colours and textures.

TEXTURED FINISH

Anti-slip and scratch-resistant.

CUSTOM PROFILES

As per design and application requirement.

DESIGNED FOR RAILWAYS

Customised solutions for different coach types and applications.

HIGH QUALITY MANUFACTURING

Advanced processes and strict quality control for consistent quality.

FIRE SAFETY COMPLIANT

Manufactured to meet relevant railway and international standards.

LIGHTWEIGHT & DURABLE

High strength, long service life and reduced overall coach weight.

AESTHETIC FINISH

Modern and clean interior look with smooth and durable surface.

CUSTOMISED SOLUTIONS

As per railway coach design and requirements.

OUR PRESENCE IN INDIAN RAILWAYS

Bharat Fibres supplies high-quality FRP interior panels and moulded components for various Indian Railway coach types. Our products are installed in coaches running across the country, ensuring safety, durability, passenger comfort and a modern interior experience.

01 LHB COACHES

- Chair Car (CC)
- 2nd AC (LWACCW)
- 3rd AC (LWSCZ)
- SLR / Generator Car
- Pantry Car

02 MEMU COACHES

- 3-Phase MEMU (TC & DMC)
- FRP Ceiling, Side Wall & End Wall
- Seating & Partition Components
- Lightweight & Durable
- Used in Suburban and Regional Services

03 ICF COACHES

- General Coaches
- Sleeper Coaches
- FRP Interior Panels
- Retrofitting Solutions
- Cost-Effective and Reliable

04 VANDE BHARAT

- Premium FRP Interior Components
- Unique Design & Finish
- Lightweight Construction
- High Strength & Fire Retardant
- Enhanced Passenger Comfort

05 SPECIALISED COACHES

- AC First Class
- AC 2-Tier
- Pantry Car
- Inspection Car
- Generator Car
- Customised FRP Solutions

LHB CHAIR CAR – INTERIOR VIEW

FRP INTERIOR COMPONENTS

Precision-engineered FRP components for safe, durable and comfortable railway interiors.

FRP CEILING PANELS

Lightweight FRP ceiling panels with integrated lighting and air ducts.

FRP SIDE WALL PANELS

Durable and aesthetic side wall panels with smooth finish.

FRP UPPER BERTH PANELS

Strong and lightweight panels for upper berths with excellent finish.

FRP LOWER BERTH PANELS

High-strength panels for lower berths, ensuring long service life.

FRP SEAT MODULES

Ergonomic FRP seat shells and back panels for enhanced passenger comfort.

FRP LUGGAGE RACK BACKING

High-strength FRP panels for luggage-rack mounting with reinforced structure.

FRP PARTITION PANELS

Customised FRP partition panels with high strength and clean finish.

FRP DOOR LININGS

Durable FRP door linings with excellent finish and fire-safety properties.

FRP UNDER-BERTH PANELS

FRP panels for under-seat and utility areas, providing strength and a clean appearance.

FRP TOILET MODULES

Hygienic, water-resistant FRP toilet modules with modern design.

FRP SOLUTIONS FOR RAILWAY COACHES

SAFE | DURABLE | AESTHETIC | RELIABLE

STANDARDS & COMPLIANCE

Quality. Safety. Reliability.

Our FRP components are manufactured and tested as per Indian Railway standards and international testing methods, ensuring high performance, safety and long service life in demanding railway environments.

RDSO Specifications

As per latest RDSO/Indian Railway standards

IR Standards

Compliant with relevant Indian Railway specifications

Flammability Requirements

Meets fire, smoke and toxicity standards

Material Performance Standards

Strength, durability and environmental resistance

Dimensional & Aesthetic Requirements

As per drawing and application specifications

Quality Documentation & Traceability

Complete test reports and material traceability

RAW FRP SHEETS

High Quality FRP Laminates

FRP CEILING PANELS

As per Railway Specifications

FRP SIDE WALL PANELS

Durable & Lightweight

MOULDED FRP COMPONENTS

Customised Designs

QUALITY & TESTING

Ensuring Safety, Performance and Reliability

We follow stringent quality control measures and testing procedures as per Indian Railway standards and international methods to ensure high-quality, durable and fire-retardant FRP components for railway coaches.

Dimensional Inspection

As per drawing and specification

Visual Inspection

Surface finish, colour and defect evaluation

Flammability Test (UL94 / IS Standards)

Fire retardancy and smoke toxicity

Limited Oxygen Index (LOI)

As per ASTM D2863 / IS Standards

Mechanical Properties

Tensile, Flexural, Impact, Hardness, etc.

Material Traceability

Raw material, process and batch records

Documentation as per Railway Standards

Test reports, certificates and compliance records

FLAMMABILITY TEST (UL94)

As per UL94 / IS Standards

LIMITED OXYGEN INDEX (LOI)

As per ASTM D2863

TENSILE TEST

As per IS:1998

FLEXURAL TEST

As per IS:1998

IZOD IMPACT TEST

As per IS:1998

HARDNESS TEST (BARCOL)

As per ASTM D2583

VARTM MANUFACTURING PROCESS

Advanced Technology for High-Quality FRP Components

We use VARTM (Vacuum Assisted Resin Transfer Moulding) technology to manufacture high-strength, lightweight and dimensionally accurate FRP components for Indian Railway coaches. This process ensures uniform resin distribution, excellent mechanical properties and consistent product quality.

VARTM PROCESS OVERVIEW

1 MOULD PREPARATION

Mould is cleaned, polished and release agent is applied for easy demoulding and superior surface finish.

2 DRY LAY-UP (FIBRE PLACEMENT)

Layers of fiberglass fabrics, core materials and other reinforcements are placed as per design.

3 VACUUM BAGGING

Vacuum bag, sealant tapes and vacuum lines are installed to create an airtight system.

4 RESIN INFUSION

Resin is infused under vacuum, ensuring uniform flow and complete wetting of fibres.

5 CURING

Component is left to cure under controlled vacuum and temperature conditions.

6 TRIMMING & FINISHING

After curing, the component is demoulded, trimmed and finished as per drawing specifications.

LIGHTWEIGHT

Reduces overall coach weight

HIGH STRENGTH

Excellent mechanical properties

FIRE RETARDANT

Compliant with railway standards

CONSISTENT QUALITY

Controlled process and uniform finish

CUSTOMISED SOLUTIONS

As per coach design and requirements

We manufacture a wide range of FRP interior panels and moulded components used in Indian Railway coaches. Our products are designed for high strength, lightweight construction, fire safety compliance and long service life with superior surface finish.

01 CEILING PANELS

- Lightweight & strong
- Smooth, premium finish
- Custom lengths & profiles
- Integrated lighting & HVAC provision

02 SIDE WALL PANELS

- Smooth & aesthetic finish
- Impact resistant
- Lightweight construction
- Custom cut-outs for windows, fittings and electricals

03 END WALL PANELS

- Durable FRP construction
- Provision for electrical and HVAC fittings
- Custom designs as per coach specifications
- Smooth, easy-to-clean surface

04 PARTITION PANELS

- Lightweight & rigid design
- Fire retardant FRP material
- Custom sizes and cut-outs
- Used in AC and Non-AC coaches

05 BERTH & SEATING COMPONENTS

- Moulded FRP seating and berth components
- High strength and durability
- Smooth, comfortable finish
- Custom designs for various coach types

06 TOILET MODULE PANELS

- Water resistant & durable
- Hygienic and easy to clean
- Custom moulded designs
- Used in bio-toilet and conventional systems

07 DOOR & DOOR LINING COMPONENTS

- Moulded FRP door panels and linings
- Lightweight and impact resistant
- Custom shapes and finishes
- Used in internal and gangway doors

LIGHTWEIGHT
Reduces overall coach weight

HIGH STRENGTH
Durable & reliable

FIRE RETARDANT
Compliant with railway standards

CUSTOMISED DESIGNS
As per coach specifications

SUPERIOR AESTHETICS
Smooth, premium finish

LHB SLR COACH

Seating, Luggage & Brake Van – FRP Interiors

We manufacture high-quality FRP interior components for LHB SLR coaches, designed for strength, durability and easy maintenance. Our FRP solutions are lightweight, fire-retardant and engineered to meet Indian Railway specifications for guard, luggage and seating areas.

LHB SLR COACH – INTERIOR VIEW

FRP SIDE WALL PANEL

Lightweight, durable and fire-retardant FRP side panels with smooth finish.

FRP CEILING PANEL

Aesthetic FRP ceiling panels with integrated lighting and air ducts.

FRP LUGGAGE RACK BACKING

FRP panels with reinforced mounting for luggage racks, ensuring strength and durability.

FRP PARTITION PANEL

Customised FRP partition panels for guard and luggage areas with high strength.

FRP GUARD CAB PANELS

Precision moulded FRP panels for guard cabin with excellent finish and durability.

FRP DOOR LINING

FRP door lining with superior strength, fire safety and long service life.

FRP SEAT MODULE

Durable and ergonomic FRP seat shells for seating area with easy maintenance.

FRP LUGGAGE AREA PANELS

High-strength FRP panels for luggage and parcel area, designed for heavy-duty use.

FRP ELECTRICAL PANEL

Customised FRP panels for electrical equipment and control systems.

FRP UTILITY PANELS

FRP panels for wash area, service compartments and miscellaneous applications.

LIGHTWEIGHT
Reduces overall coach weight

DURABLE
Long service life in harsh conditions

FIRE RETARDANT
Compliant with railway standards

AESTHETIC FINISH
Modern and clean interior look

CUSTOMISED SOLUTIONS
As per LHB SLR coach design and requirements

LHB SLEEPER COACH

Robust FRP Interiors for Long Distance Travel

We manufacture high-quality FRP interior components for LHB Sleeper coaches, designed for durability, ease of maintenance and passenger comfort. Our FRP solutions are fire-retardant and engineered to meet Indian Railway specifications.

LHB SLEEPER COACH - INTERIOR VIEW

FRP UPPER BERTH PANEL

Lightweight and durable FRP panels for upper berths with smooth finish.

FRP LOWER BERTH PANEL

Strong FRP panels for lower berths ensuring long service life.

FRP SIDE WALL PANEL

Aesthetic and durable FRP side wall panels with smooth surface.

FRP CEILING PANEL

Fire-retardant FRP ceiling panels with integrated lighting and air ducts.

FRP LUGGAGE RACK BACKING

High-strength FRP panels for luggage rack mounting with reinforced structure.

FRP PARTITION PANEL

Customised FRP partition panels with high strength and clean finish.

FRP DOOR LINING

Durable FRP door lining with excellent finish and fire safety properties.

FRP END WALL PANEL

Robust FRP end wall panels as per LHB design and railway standards.

FRP UNDER BERTH PANEL

FRP panels for under seat areas providing strength and clean appearance.

FRP INTERIOR FITTINGS

Various FRP interior fittings including berth supports, sidelines and trims.

LIGHTWEIGHT

Reduces overall coach weight

DURABLE

Long service life in harsh conditions

FIRE RETARDANT

Compliant with railway standards

AESTHETIC FINISH

Modern and clean interior look

CUSTOMISED SOLUTIONS

As per LHB Sleeper coach design and requirements

LHB CHAIR CAR

Comfortable & Durable FRP Interiors

We manufacture high-quality FRP interior components for LHB Chair Car coaches, designed for passenger comfort, durability and easy maintenance. Our FRP solutions are lightweight, fire-retardant and engineered to meet Indian Railway specifications.

/ LHB CHAIR CAR – INTERIOR VIEW

FRP SIDE WALL PANEL

Lightweight, durable and aesthetic FRP side panels with smooth finish.

FRP CEILING PANEL

Aesthetic FRP ceiling panels with integrated lighting and air ducts.

FRP LUGGAGE RACK BACKING

FRP panels with reinforced mounting for luggage racks, ensuring strength and durability.

FRP SEAT MODULE

Ergonomic FRP seat shells for enhanced passenger comfort and long service life.

FRP PARTITION PANEL

Customised FRP partition panels with high strength and clean finish.

FRP DOOR LINING

FRP door lining with excellent strength, fire safety and modern finish.

FRP END WALL PANEL

Durable FRP panels as per LHB Chair Car design and railway standards.

FRP UNDER SEAT PANEL

FRP panels for under seat and utility areas with high durability.

FRP TOILET MODULE

Hygienic, water-resistant FRP toilet modules for passenger convenience.

FRP INTERIOR FITTINGS

Various FRP interior fittings including light covers, air duct panels and trims.

LIGHTWEIGHT

Reduces overall coach weight

DURABLE

Long service life in harsh conditions

FIRE RETARDANT

Compliant with railway standards

AESTHETIC FINISH

Modern and clean interior look

CUSTOMISED SOLUTIONS

As per LHB Chair Car design and requirements

MEMU COACH RANGE

3 PHASE MEMU – TC & DMC

We manufacture precision-engineered FRP interior components for MEMU (Mainline Electric Multiple Unit) coaches, including TC (Trailer Coach) and DMC (Driving Motor Coach). Our FRP solutions are lightweight, durable, fire-retardant and designed to meet Indian Railway specifications.

TC COACH – PASSENGER INTERIOR

FRP SIDE WALL PANEL

Lightweight, durable and aesthetic FRP side panels.

FRP CEILING PANEL

Aesthetic FRP ceiling panels with integrated lighting.

FRP LUGGAGE RACK

Durable FRP luggage racks with superior load capacity.

FRP PARTITION PANEL

Customised FRP partition panels with smooth finish.

FRP SEAT MODULE

Ergonomically designed FRP seat shells.

FRP TOILET MODULE

Hygienic, water-resistant FRP toilet modules.

DMC COACH – DRIVER CAB

Customised FRP components for driver cab interior.

FRP CAB PANEL

Precision moulded FRP cab panels.

FRP ELECTRICAL PANEL

Customised FRP panels for electrical equipment.

FRP END WALL PANEL

Durable FRP end wall panels as per design.

FRP BERTH PANEL

Lightweight FRP berth panels for crew/maintenance.

FRP DOOR LINING

FRP door lining with excellent strength and finish.

LIGHTWEIGHT
Reduces overall coach weight

DURABLE
Long service life in harsh conditions

FIRE RETARDANT
Compliant with railway standards

AESTHETIC FINISH
Modern and clean interior look

CUSTOMISED SOLUTIONS
As per MEMU coach design and requirements

3 PHASE MEMU – DMC

Driver Cab, Passenger & Equipment Area – FRP Interiors

We manufacture high-quality FRP interior components for 3 Phase MEMU DMC (Driving Motor Coach) coaches, including driver cab, passenger area, equipment panels and utility enclosures. Our FRP solutions are lightweight, durable, fire-retardant and engineered to meet Indian Railway specifications.

3 PHASE MEMU – DMC (DRIVING MOTOR COACH)

FRP DRIVER CAB CONSOLE

Customised FRP console panels for driver cab with smooth finish.

FRP CAB CEILING PANEL

Lightweight FRP ceiling panels with integrated lighting and air ducts.

FRP SIDE WALL PANEL

Durable and aesthetic FRP side wall panels.

FRP SEAT MODULE

Ergonomically designed FRP seat shells for passenger comfort.

FRP LUGGAGE RACK BACKING

High-strength FRP panels for luggage rack mounting with reinforced structure.

FRP PARTITION PANEL

Customised FRP partition panels with smooth finish and high strength.

FRP TOILET MODULE

Hygienic, water-resistant FRP toilet modules.

FRP EQUIPMENT PANEL

FRP panels for electrical and control equipment enclosures.

FRP END WALL PANEL

Durable FRP end wall panels as per MEMU design.

FRP CEILING PANEL

Aesthetic FRP ceiling panels with integrated lighting, ventilation and cable ducts.

LIGHTWEIGHT

Reduces overall coach weight

DURABLE

Long service life in harsh conditions

FIRE RETARDANT

Compliant with railway standards

AESTHETIC FINISH

Modern and clean interior look

CUSTOMISED SOLUTIONS

As per MEMU DMC design and requirements

DOUBLE DECKER COACH

Premium FRP Interiors for Enhanced Passenger Capacity

We manufacture high-quality FRP interior components for Double Decker coaches, designed for strength, durability and modern aesthetics. Our FRP solutions are lightweight, fire-retardant and engineered to meet Indian Railway specifications, ensuring safe, comfortable and long-lasting service.

DOUBLE DECKER COACH – INTERIOR VIEW

FRP SIDE WALL PANEL

Lightweight, durable and aesthetic FRP side panels with smooth finish.

FRP CEILING PANEL

Aesthetic FRP ceiling panels with integrated lighting and air ducts.

FRP STAIRCASE PANEL

Robust and anti-slip FRP staircase panels designed for safety and durability.

UPPER DECK INTERIOR

Lightweight FRP components for upper deck with modern and clean finish.

LOWER DECK INTERIOR

Durable FRP panels and components for enhanced passenger comfort.

FRP LUGGAGE RACK

Durable FRP luggage racks with high load-bearing capacity.

FRP PARTITION PANEL

Customised FRP partition panels with smooth finish and high strength.

FRP TOILET MODULE

Hygienic, water-resistant FRP toilet modules for passenger convenience.

FRP DOOR LINING

FRP door lining with excellent strength, fire safety and modern finish.

FRP END WALL & UTILITY PANELS

Customised FRP panels for electrical, HVAC and utility components.

LIGHTWEIGHT
Reduces overall coach weight

DURABLE
Long service life in harsh conditions

FIRE RETARDANT
Compliant with railway standards

AESTHETIC FINISH
Modern and spacious interior look

CUSTOMISED SOLUTIONS
As per double decker coach design and requirements

FRP COMPONENTS

Customised FRP Solutions for Railway Coaches

We manufacture a wide range of FRP panels and components for Indian Railway coaches, designed to meet stringent quality, safety and durability requirements. Our components are lightweight, fire-retardant and aesthetically superior, ensuring long service life in demanding railway environments.

SIDE WALL PANEL

Lightweight, durable and fire-retardant FRP panels for coach interiors.

CEILING PANEL

Aesthetic and high-strength FRP ceiling panels.

END WALL PANEL

Customised FRP end wall panels as per coach design.

PARTITION PANEL

Robust FRP partition panels with smooth finish.

DOOR LINING

FRP door lining with excellent strength and finish.

BERTH PANEL

WHY CHOOSE BHARAT FIBRES

Trusted FRP Solutions for Modern Railway Coaches

Specialised in Railway FRP Interiors

Focused expertise in manufacturing FRP components for LHB, MEMU and other Indian Railway coaches.

Advanced Manufacturing Technology

Modern processes like VARTM and Vacuum Bagging for consistent quality and performance.

Lightweight, Durable & Fire Retardant

High-strength, long-lasting FRP solutions meeting railway safety and performance standards.

Customised Solutions

Design and development as per specific drawings, requirements and applications.

Consistent Quality & Timely Supply

Strict quality control, dimensional accuracy and reliable delivery schedules.

Support for New Development & Prototypes

Assistance from concept to final product for new coach designs and custom requirements.

FRP CEILING PANELS

FRP LUGGAGE RACKS

FRP SIDE WALL PANELS

WHY CHOOSE BHARAT FIBRES?

Bharat Fibres is a trusted manufacturer and supplier of high-quality FRP interior panels and moulded components for Indian Railways. We combine technical expertise, modern manufacturing and a customer-centric approach to deliver durable, safe and aesthetically superior solutions for every coach type.

PROVEN EXPERIENCE

Trusted supplier for various Indian Railway coach types with a track record of quality, reliability and timely delivery.

HIGH-QUALITY FRP PRODUCTS

Manufactured using premium raw materials and advanced processes to ensure strength, durability and excellent finish.

CUSTOMISED SOLUTIONS

Tailor-made designs and moulded components to meet specific coach requirements and customer specifications.

SAFETY & COMPLIANCE

Products designed as per Indian Railway standards (RDSO, IS, UL94, MDTs etc.) with excellent fire retardant and low smoke properties.

MODERN MANUFACTURING

State-of-the-art facilities with advanced moulding technologies (Hand Lay-up, VARTM, Vacuum Bagging) for consistent quality and large-scale production.

SKILLED & EXPERIENCED TEAM

A dedicated team of engineers, technicians and quality professionals ensuring the best solutions and continuous improvement.

TIMELY DELIVERY & PAN-INDIA SUPPLY

Efficient production planning, reliable logistics and a strong supply chain to ensure on-time delivery across India.

DEDICATED CUSTOMER SUPPORT

End-to-end support from design and prototyping to final supply, with responsive technical and after-sales assistance.

OUR COMMITMENT

At Bharat Fibres, we are committed to supporting Indian Railways with innovative, reliable and sustainable FRP interior solutions that enhance passenger comfort, safety and long-term value.
